SUMMARY

Detail-oriented Front End Developer with three years of experience specializing in ReactJS. Highly adept at both independent and collaborative projects, with an emphasis on accessibility and responsive web design.

SKILLS

Front End: JavaScript, TypeScript, ReactJS, NextJS, Bootstrap, Jest, Sass, HTML5, CSS3, jQuery
Back End: Drupal, WordPress, Version Control (Git), MongoDB, Firebase, MySQL, PHP
Graphics: Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD

EXPERIENCE

Front End Developer (Contract)

Kollmorgen, Remote   *Jul 2022 – Mar 2023*

- ❖ Revamped UI and app interface for a customer-facing site with 1000+ unique visitors per month using HTML5, SCSS, jQuery, and Drupal.
- ❖ Reduced compiled CSS size from 1.5 megabytes to 86 kilobytes, significantly improving loading times across the entire site.
- ❖ Implemented new site navigation to improve performance, SEO and streamline user navigation on mobile devices.
- ❖ Advised and executed unique design implementations to help customers better locate specific tools and facilitate the tracking of marketing leads.

Front End Developer   *Jan 2021 – June 2022*

Connectern, New York, NY

- ❖ Cooperated with a team of developers to build customer-facing web applications using NextJS, React ContextAPI, React Hooks, and Styled Components.
- ❖ Implemented solutions for a streamlined, user-friendly interface with the design team and delivered an engaging user experience through optimization of images, code, and cross-browser compatibility.
- ❖ Designed and built reusable and responsive React components that meet Web Content Accessibility Guidelines.
- ❖ Wrote unit and functional tests with Jest and React Testing Library to ensure functionality between components.

Tech Intern   *Aug 2019 – May 2020*

Hunter College, New York, NY

- ❖ Developed new features and maintained the Hunter College Media Department's main site and various department landing pages using HTML, CSS, Bootstrap, JavaScript, jQuery, WordPress, and Dreamweaver.
- ❖ Created promotional materials and social media graphics for department events and acknowledgments using Adobe Photoshop and Illustrator.
- ❖ Identified problems with backend systems uncovered by testing or feedback and corrected or referred them to appropriate personnel for correction.
- ❖ Translated UI wireframes and mockups made with Photoshop and Figma into responsive, interactive pages.

EDUCATION

Bachelor of Arts (B.A.) Digital Media – May 2020   Hunter College, New York, NY
